PRELIMINARY AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Applicants respond herein to the Restriction Requirement mailed March 20, 2002 ("Action"). A petition for an extension of time and the appropriate fees accompany this response.

Applicants elect the claims of Group I, claims 1-11, 25-32, and 52-56, drawn to immunotoxins and compositions (and kits), with traverse. As shown below, the Action misunderstands and misapplies the unity of invention provisions of the PCT, as applied through the provisions of 37 C.F.R. § 1.475. Applicants also make the following preliminary amendment.
